

# ARCHES NATIONAL PARK

**Scenic driving!**

**Stunning rock formations!**

**Breathtaking views!**

**Spectacular sunsets!**

## “A Red-Rock Wonderland!”

Have you ever dreamed of discovering a landscape of vivid colors, contrasting land forms, and textures unlike any other place on earth? With jaw-dropping scenery straight out of a movie, Arches National Park has over 2,000 natural stone arches, hundreds of soaring pinnacles, massive rock fins, and giant balanced rocks. This red-rock wonderland will amaze you with its formations, refresh you with its trails, inspire you with its sunsets, and humble you with its awe-inspiring night skies.

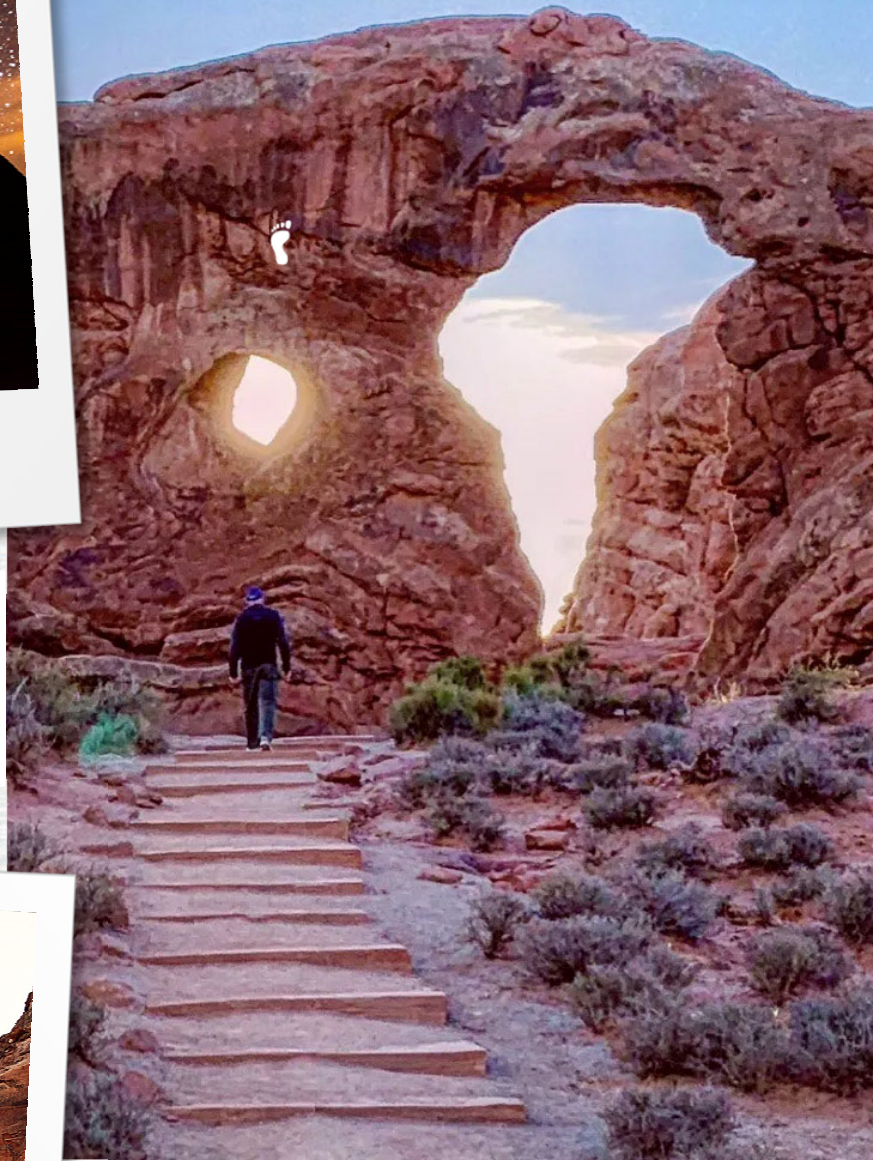

**Majestic skies!**

Due to light pollution, 90% of the world's population is unable to see the night sky in all its majestic beauty. At **Arches**, you can see the Milky Way galaxy as our ancestors experienced it thousands of years of ago!

**Leisurely river float!**

We'll take a safe & enjoyable float down the beautiful Colorado River.

Join Special Journeys for the trip of lifetime!
